TOGETHER WE WILL WIN

REPORT

RENOVATING THE SCHOOL BUILDING OF KEDMA YOUTH VILLAGE

November 2023

TO OUR DEAR DONORS IN SWITZERLAND,

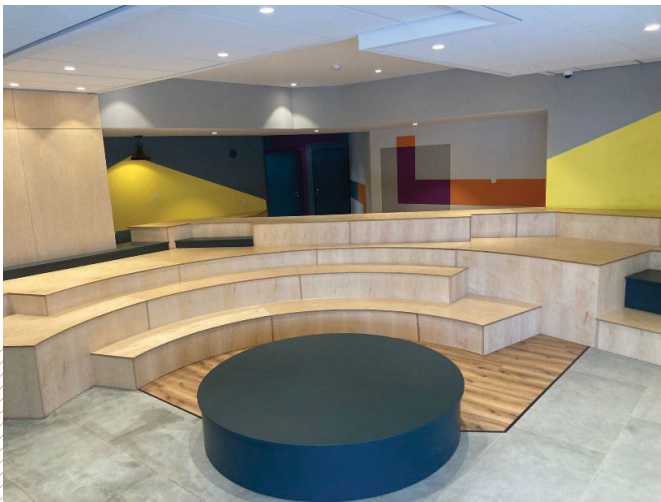

We are pleased to present you with a final report on the renovation of the Herzl School building in Kedma Youth Village which your generous donation made possible.

As you can see from the enclosed photographs the renovation has succeeded in creating a warm and inviting educational environment that is so important for furthering the students' progress.

Even though the renovation was expected to be completed only by February 2024, thanks to the excellent cooperation with the contractor, the project was completed before the students returned to the Village at the start of the new school year in September this year. The students, of course, were overjoyed to see the "new" school and the Village is confident that the modern new facilities will enhance their academic achievements.

Once again, on behalf of the Village and its students, Keren Hayesod extends its warm thanks and appreciation to Keren Hayesod Switzerland for your generous support of the renovation project.

All photographs courtesy of Amigour.

THANK YOU
